

AMENDMENTS TO THE ABSTRACT OF THE DISCLOSURE

Please enter the following Abstract of the Disclosure in the record:

A coffee machine for preparing coffee, particularly on the basis of coffee pads, comprising a continuous flow heater which is fixed in a housing and provided with a tube for guiding water. In order to fix the continuous flow heater and, preferably, other components in the coffee machine in a low-cost and secure manner, the at least one flexible tube connecting piece is provided with receiving elements for integrating additional component parts of the coffee machine.
